2017

Annual Security Report and Campus Crime and Fire Safety Statistics

January 1, 2016 – December 31, 2016

Report Prepared by the Environmental Safety Office, Clarence T. C. Ching Hall Room #5 on April 28, 2017.  
Documentation is available upon request.

**1. The Campus Crime and Fire Safety Right-to-Know Statistics**

The Campus Crime and Fire Safety Right-to-Know Statistics are collected and analyzed each year by the Environmental Safety Office (ESO) of the university. The ESO is responsible for preparing the annual report for review by the university's Executive Director for Compliance. After the report is completed, the crime statistics are submitted to the United States Department of Education (USDOE) for publication. A copy of the report is provided to each new employee at the start of employment with the university and the statistics are published on the university's website. The link is also included in the 17-18 Student Handbook which is publicly published on the university's website.

**2. Reporting Crimes or Other Emergencies**

Chaminade University requires the prompt reporting of any incident that compromises the safety, health, or rights of University community members.

The standard procedure for reporting crimes or emergencies is to call the Campus Security emergency number 735-4792 or 690-2301 or 9-1-1. Crimes occurring at on- and off-campus residential facilities should be reported immediately to the Chaminade staff member on duty and/or the Honolulu Police Department using 9-1-1. All crimes reported will be taken seriously, even if made anonymous or taken confidentially. "CUH Guide to Residential Life" establishes the policies, regulations, and guidelines for resident students who choose to report minor offenses involving other students. These reports are transmitted to the Residence Hall Director or Assistant.

Reports of crimes are forwarded to the ESO from the Director of Residential Life and the Campus Security Supervisor within two working days of the crime being reported. All personnel are also encouraged to make a report to the ESO if they feel they cannot report it to Residential Life staff, Campus Security, or other members of the community.

Reports are used for the annual crime statistics report. In addition to the reports from the Director of Residential Life and Campus Security, the Honolulu Police Department provides information about crimes committed on public property accessible to Chaminade University.

The Student Handbook and the University Policy Manual (Volume III 3.1.1 and following) establish procedures to address problems and questions regarding harassment or discrimination in a prompt, discreet and fair manner. All employees and students are expected to comply and cooperate with the provisions and in accordance with applicable codes of professional ethics. An education program for all new regular full time and part time employees is provided by the Office of Human Resources on sexual harassment and discrimination.

### **3. Timely Warnings/Preparing the Annual Disclosure**

All members of the Chaminade University Campus Community are notified on an annual basis that they are required to immediately notify Chaminade Security, (808)735-4792 or, (808) 690-2301, or 9-1-1, of any situation or incident that may involve an emergency or dangerous situation. Campus Security responds and summons the necessary resources to warn the Campus Community, mitigate, investigate, and document any situation. If an emergency or dangerous situation exists, federal law requires that Chaminade University immediately notify the Campus Community or the appropriate segments of the Community that may be affected by the situation and inform them what actions to take.

Chaminade University of Honolulu has a multi-layered emergency notification system to notify the campus community about an emergency or dangerous situation involving a threat to the health or safety of students, faculty, and staff on campus.

Some or all of these systems will be activated without delay in the event of a threat to the Chaminade University Campus Community, depending on the location and type of emergency. Systems include emails, desktop notifications that scroll across computer screens, outdoor wide-area voice alerting, indoor voice alerting, print messaging on phone screens, emergency links on [www.chaminade.edu](http://www.chaminade.edu) web home page, and a text message system. Chaminade University will post updates on the University web page [www.chaminade.edu](http://www.chaminade.edu) and some or all of the notification systems listed above.

If Campus Security confirms that there is an emergency or dangerous situation that poses an immediate threat, Campus Security will immediately, and without delay, contact the Executive Director for Compliance and Human Resources (Executive Director), Dean of Students, and the ESO. The Executive Director, Dean of Students, and the ESO will assess the situation. The Executive Director and/or the Dean of Students will advise the President of the University as to the steps that will be taken to secure the campus and inform the campus community.

The Executive Director, Dean of Student, and the ESO will also determine the content of any message and which notification systems listed above will be used to communicate the threat to the Campus Community or to the appropriate segment of the Campus Community. Depending on the seriousness of the emergency, the task of notifying the campus community will be assigned to the ESO or the Public Information Officer as determined by the Executive Director in consultation with the Dean of Student and ESO.

Emergency Evacuation Plans are posted in Chaminade University Residential Buildings. Evacuation drills are conducted at least once a year.

Chaminade University of Honolulu has an Emergency Manual, which details Chaminade Universities Response to emergency situations. The Emergency Manual is available from the Chaminade University web home page at: [https://www.chaminade.edu/for/emergency-info/emergency\\_info.php](https://www.chaminade.edu/for/emergency-info/emergency_info.php). It is also available to employees on the employee portal of the university website and the Employees HR Portal.

The Chaminade University Public Information Officer (PIO) is responsible to distribute appropriate media releases via email, fax, and phone calls to local media (radio, broadcast television, and newsprint) when directed to do so by the Executive Director, Dean of Students and/or the ESO. All media releases are uploaded to the Chaminade Portal News Archive and Chaminade Web Home Page; from there it becomes part of Chaminade News Release pages. The Dean of Students is responsible for contacting students and families, the Office of the Provost is responsible for contacting faculty, and the Human Resources Manager is

responsible for contacting staff members.

#### **4. Security and Access to Campus Facilities**

Access to University facilities and classrooms are scheduled in advance. The Records Office is responsible for scheduling all facilities and classrooms. Campus Security opens and closes classrooms and facilities according to the schedule which is updated on a daily basis or on request for special needs. Identification is checked and recorded by Campus Security for any special request for access. Access by Campus Security or Maintenance to residence hall rooms is arranged with the student or with the Residence Hall Director. As indicated in the contract, the Residence Hall Director may enter a room if there is reason to believe that either the law or University policy is being violated or an emergency is indicated.

**Facilities Management** maintains the university buildings and grounds with a concern for security and safety. Campus facilities and grounds are inspected on a regular basis to ensure that repairs are made in an expeditious manner. There is an annual review of the lighting on campus.

**Residential Life staff** provides and supervises personnel for the monitoring of residence halls each semester. Also, on a monthly basis the Resident Assistant walks through all suites and apartments to check health and safety issues. See "CUH Guide to Residential Life".

**The off-campus residence halls have a resident University staff member.** They cooperate with the local police in responding to criminal activity, and report the incidents to the Dean of Students on campus.

**Campus Security** at the University is under contract with Securitas Security Services, USA, Inc. The Security Officers are uniformed, unarmed, and not deputized. Their authority to arrest is the power of any private citizen.

**The University** enforces local, state and federal laws and University regulations. Securitas Security and/or the Honolulu Police Department investigate all criminal incidents. Since Securitas Security personnel are not deputized, they maintain a close relationship and rely on local law enforcement to respond when called.

#### **5. Procedure and Prevention Programs**

Education about procedures, practices, and prevention are ongoing on campus. The programs are applicable to all community members: staff, faculty and students. Student orientation programs, student publications, and the regular residence hall programs are used for educating and briefing the students. A proposed action plan calls for using the University Portal to continue the education in an ongoing manner and also to advertise the special program presentations. An online training program for all new employees is provided.

#### **6. Substance Abuse: Alcohol and Drug Use**

In accordance with Federal and Hawaii State Law, which mandates sanctions and policing of substance abuse at the country's institutions of higher education, Chaminade University does not permit the purchase, possession, manufacturing, consumption or furnishing of alcohol by persons under 21 years of age. Intentionally or knowingly providing alcoholic beverages to persons under the age of 21, or to persons obviously inebriated, is not permitted on property owned or controlled by the University.

University student policy allows alcohol in resident hall rooms where all residents are 21 or over and all have

requested and been approved for having alcohol in the room.

Chaminade University prohibits the possession, manufacture, consumption, sale, and furnishing of illegal substances, including narcotics or controlled substances, except as expressly permitted by law, on University owned or controlled property or at a University sponsored event in compliance with the Drug-Free Schools and Communities Act of 1989. The Controlled Substance Act (1970 amended 1984) and the Anti-Drug Abuse Act of 1986 provide penalties for unlawful manufacturing, distribution, and dispensing of controlled substances. Other penalties are sanctioned under Hawaii State and local laws. Suspected violations will be investigated by the University and may result in University sanctions and may constitute grounds for notification of civil authorities. Chaminade will cooperate fully with federal, state, and local law enforcement authorities to enforce drug and alcohol statutes.

Chaminade University also prohibits the use of marijuana on its campus, at any of its Resident Halls, and at any campus-sponsored event. The State of Hawaii authorized the use of medical marijuana. However, Hawaii state law does not authorize the use of medical marijuana on any school ground or in the workplace of one's employment. The possession of marijuana, including marijuana for medical purposes, is prohibited under Federal law. Any employee or student found to be possessing or using marijuana for any reason, including medical marijuana, and in any form will be subject to disciplinary action for violation of University's policies against the possession of illicit and illegal substances. Further, using marijuana for medical purposes is not an allowable defense for violation of any University policies and/or misconduct.

The University drug and alcohol policies are found in the University Policy Manual (Volume II, Section 2. 5), and in the "CUH Guide to Residential Life" handbook.

Drug and alcohol abuse presentations are made each semester at student orientation and again at resident hall meetings. Presentations are made by either the University Director of Counseling Services or outside speakers. The Director of Counseling Services provides comprehensive presentation as part of the annual training program for the Residence Hall Directors and Assistants.

### **7. Violence Against Women Act (VAWA)**

The Violence Against Women Act (VAWA) was strengthened and reauthorized by President Obama in 2013. This act included the Campus Sexual Violence Elimination Act, which amends the Clery Act and affords additional rights to campus victims of sexual violence, dating violence, domestic violence, and stalking.

In accordance with VAWA, Chaminade University of Honolulu is required to compile statistics of incidents of sexual assault, domestic violence, and stalking that occur on campus and/or during University sanctioned activities and reported to Campus Security authorities to be included in the Annual Security Report. The University also has adopted certain student discipline procedures, such as for notifying purported victims of their rights, and has also adopted institutional policies to address and prevent campus sexual violence.

### **8. Reporting Sexual Offenses, Domestic Violence, Dating Violence, Stalking/Sanctions/and Disciplinary Actions**

The University takes all allegations of sexual assault, sexual harassment, and domestic/dating violence seriously. A student victim has the option of pursuing the case internally or through the Honolulu Police. Chaminade University reports serious offenses as required. Additionally, the University Counseling Services personnel coordinate support services for a sexual assault victim. The internal procedure follows the

guidelines in the student handbook and University Policy Manual (Volume III, Section 3.1.5) for cases of harassment.

The topic of sexual harassment including sexual assault is covered in the residence hall presentations, where students are informed of procedures and options in regards to reporting sex offenses. The victim of a sexual assault should report the incident to the local police (if off campus), and to the appropriate university staff. The victim should make every attempt to preserve any physical evidence of the assault. This may include a voluntary medical exam, not showering or disposing of any damaged clothing or other items that are present during/after the assault. With the victim's consent, the university will cooperate with police in their criminal investigation of an on-campus sexual assault.

The University has assigned the role of Title IX Coordinator to the Executive Director who is a direct report to the President of the University. Pursuant to Title IX, all allegations of sexual assault and/or harassment that are brought to the attention of the Title IX Coordinator are investigated regardless of whether there is an active law enforcement investigation that is concurrently being conducted. This includes allegations that occur off-campus and/or in activities that are not sponsored by the University but involve students or employees of the University. The reason for the internal investigation is to ensure that any potential of a hostile environment is eliminated for the alleged victim.

If allegations are substantiated after an investigation is conducted, disciplinary action will be imposed on recognized individual student, student organizations, and/or University faculty and staff found responsible of a sexual harassment by a preponderance of the evidence collected. Students may be suspended or expelled for committing violent or criminal acts on campus or at campus-related events. Employees will be subject to disciplinary action up to and including termination of employment from the university.

### **9. Sex Assault Counseling Services**

The University will assist reporting to outside agencies as appropriate. Students are informed of existing on- and off-campus counseling, mental health, or other student services for victims of sex assault and related offenses. A student who has been the victim of a sexual assault/offense is advised to seek immediate assistance by going to the Kapiolani Women's and Children's Hospital Sex Abuse Treatment Center at 55 Merchant Street, 22nd Floor Honolulu (24-hour crisis hotline: 524-7273). While not a 24-hour treatment center, the Chaminade Counseling Center is available to provide counseling services and assist in coordinating care for sexual assault victims.

### **10. Information concerning registered sex offenders may be obtained from the State web site at [Hawaii State Sex Offender Website](#)**

### **11. Title IX**

Title IX of the Education Amendments of 1972 is a federal gender equity law that prohibits discrimination based on sex in education programs and activities that receive federal funding. Consistent with the requirements of Title IX of the Education Amendments of 1972 and its implementing regulations, Chaminade University of Honolulu has assigned the role of Title IX Coordinator to the Executive Director who is a direct report to the President of the University. Students or employees with concerns or complaints about discrimination on the basis of sex in employment, an education program or activity may contact the university's designated Title IX coordinator.

Please see the Chaminade University Policy Manual: Volume III – Page 9 – Page 14 for detailed information regarding the Universities Title IX policy.

## **12. Missing Student Policy**

Chaminade University takes student safety very seriously. To this end, the following policy and procedures have been established to assist in locating Chaminade students living in University operated on- and off-campus residence halls who, based on the facts and circumstances known to Chaminade, have been reported missing to the Office of the Dean of Students, Campus Security, Office of Residential Life, local law enforcement agency, or other source.

To determine whether or not a student is considered missing, the University will attempt to make contact with the student via class attendance, residential life staff, security, email, social networks, telephone, as well as friends and acquaintances.

If all of these attempts result in the student not having been seen or heard from for 24 hours after the time of the initial report, the student will be considered missing. Once the University determines that the student is missing, the following offices will be notified:

- Office of the Dean of Students Campus Security
- Office of Residential Life
- Executive Director for Compliance and Human Resources

Upon notification that a student may be missing, Chaminade may use any of the following resources to assist in locating the student. These resources may be used in any order and combination.

To assist in locating a student who may be missing, the residential life staff will be asked to assist in physically locating the student by opening the student's assigned room and talking with known associates.

Security staff will search on-campus public locations to find the student (library, dining hall, etc.) An ID picture will be used to assist in identifying the missing student.

The Office of the Dean of Students will attempt to contact known friends, family, staff, and/or faculty members for last sighting or additional contact information. Additionally, the Dean of Students will provide vehicle registration information, if available, for vehicle location and distribution to authorities.

Information Technology Services will be asked to look up email logs for last login and use of Chaminade's email system. If there is any indication of foul play, the Honolulu Police Department will immediately be contacted for assistance. All information collected from Information Technology Services will be provided to law enforcement for use in locating a student who is missing.

At the beginning of each semester, Chaminade will inform students residing in on- and off-campus residence halls that the University will notify either a parent or an individual selected by the student not later than 24 hours after the time the student is determined to be missing. Students have the option of identifying an individual to be contacted by Chaminade not later than 24 hours after the time the student has been determined to be missing. Students can register this confidential contact information through the Office of

Residential Life. If the student is under 18 years of age, and not an emancipated individual, Chaminade is required to notify a custodial parent or guardian not later than 24 hours after the time that the student is determined to be missing.

Chaminade will notify the appropriate law enforcement agency no later than 24 hours after the time that the student is determined to be missing.

If Chaminade's Office of the Dean of Students or the local law enforcement agency has been notified and makes a determination that a student who is the subject of a missing person report has been missing for more than 24 hours and has not returned to campus, Chaminade will initiate the emergency contact procedures in accordance with the student's designation.

The University will also initiate notification procedure for a missing student who is a resident in an on- or off-campus residence hall. Any official missing person reports relating to this student shall be referred immediately to the Office of the Dean of Students.

If the Office of the Dean of Students, after investigating the official report, determines the student has been missing for more than 24 hours, Chaminade will contact the individual identified by the student, the custodial parent or legal guardian if the student is under 18 and not emancipated, and local law enforcement.

**13. Student Right to Know and Crime Awareness Security Act of 1990**

Chaminade is in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990 and as amended by the Higher Education Opportunity Act of 1998 and 2008. In accordance with the Clery Act, the Crime Log for the most recent 60 day period is open for public inspection during normal business hours in the Environmental Safety Office, Clarence T. C. Ching Hall #05. Sections of the Crime Log older than 60 days will be made available within two business days.

**\*On-Campus and Off-Campus Totals:** This includes the total amount of crimes on-campus, off-campus, and all other Chaminade University properties in summation.

**On Campus:** This is the area covered by the information available from Campus Security and the Dean of Students Office, whether or not the city police are involved.

**Residential On Campus:** The statistics for the residence halls on campus.

**Non-campus building or property:** This refers to the off-campus residence halls. The information about this area comes from the Residence Hall Directors through the Dean of Students Office, the Security Office or the HPD. This is labeled: Residential Off Campus.

**Public Property:** The Department of Education defines this as area "immediately adjacent to and accessible from campus."

Referred for campus disciplinary action: This information is obtained from the Dean of Students Office.

Separate campus: The only off-campus teaching facilities used by the University are the rooms at various military bases and institutions for evening classes. The Chaminade University Program Coordinators will report any crimes in these facilities while they are in use by Chaminade University students.

**Chaminade University of Honolulu Campus Fire Right to Know 2016**

The Campus Fire Safety Right-to-Know Act is aimed at increasing fire safety awareness on college campuses. Chaminade University of Honolulu has been collecting this information since August 2008.

All Chaminade University of Honolulu buildings and public areas are non-smoking. Evacuation directions are posted in every Residence Hall and living area, these procedures are part of the Residence Hall orientation, conducted by the Resident Advisors. Designated outdoor smoking areas are provided. A list of all approved electronic appliances and other important Emergency Policies for Campus Residence Halls are in the Residential Life Policies and Procedure Guide. [http://www.chaminade.edu/sites/default/files/document/2015/08/03/residential\\_life\\_guide.pdf](http://www.chaminade.edu/sites/default/files/document/2015/08/03/residential_life_guide.pdf)

The Environmental Safety Office conducts mandatory Fire Safety Programs for Resident Hall Advisors, Resident Hall Directors, Building and Area Marshals, and other Staff on a yearly basis. Fire safety education, evacuation procedures, fire prevention and policies for no-smoking and no open flames (candles) are all covered. All resident Halls have mandatory fire drills early each Semester, these drills are supervised by the Resident Directors, Chaminade Security, and the Environmental Safety Office.
