Independent Auditor's Report

To the Board of Regents of
Chaminade University of Honolulu

Report on the Financial Statements

We have audited the accompanying financial statements of Chaminade University of Honolulu (the University) which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the University as of June 30, 2018 and 2017, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements
June 30, 2018 and 2017

1. Organization and Summary of Significant Accounting Policies

a. Organization

Chaminade University of Honolulu (the University) is a private, co-educational Catholic university established in 1955 by the Society of Mary, Marianists. The mission of the University is to prepare its students for professional careers and personal growth in an educational environment in the liberal arts tradition enriched by Catholic and Marianist values. The University offers classes that lead to Associate, Bachelors, and Masters degrees.

The Marianist Center of Hawaii (MCH) is an autonomous, religious, not-for-profit Hawaii corporation established and controlled by the Society of Mary, Marianists, a Roman Catholic Institute of Consecrated Life, which owns, holds, and manages the land and certain of the buildings of the University's Kalaepohaku (Honolulu) campus used for the promotion and maintenance of its charitable, educational, and religious purposes. The University shares its campus with Saint Louis School (SLS), an affiliated college preparatory school for boys and young men.

b. Basis of Accounting

Net assets and revenues, gains and other support, expenditures, and other deductions are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the University and changes therein are classified and reported as follows:

Unrestricted Net Assets – Net assets not subject to donor-imposed stipulations over which the Board of Regents (Board) has discretionary control.

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the University and/or the passage of time. Contributions with donor-imposed restrictions are reported as restricted support. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that must be maintained permanently by the University. The donors of these assets permit the University to use all of the income earned on related investments for general or specific purposes.

1. Organization and Summary of Significant Accounting Policies (continued)

c. Cash and Cash Equivalents

For purposes of the statements of cash flows, the University considers all highly liquid instruments with original maturities of three months or less to be cash equivalents, unless they are purchased with resources that have donor-imposed restrictions that limit their use to long-term investment.

d. Restricted Cash Equivalents

Restricted cash equivalents include amounts deposited in money market funds, which are restricted by legal or contractual requirements associated with the servicing of the University's tax-exempt special-purpose revenue bonds and related bond reserves.

e. Student Receivables

Student accounts receivable which includes tuition and fees, are stated at amounts due from students, net of an allowance for doubtful accounts. Receivables which are outstanding longer than the contractual payment terms are considered past due. The University determines its allowance by considering a number of factors, including the length of time accounts receivable are past due, the University's previous loss history, the student's current ability to pay its obligation to the University, and the condition of the general economy and the industry as a whole. The University writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are credited to the allowance for doubtful accounts. As of June 30, 2018 and 2017, an allowance for doubtful accounts of approximately \$674,000 and \$563,000, respectively, was recorded.

f. Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value in the statements of financial position with unrealized gains and losses included in the statements of activities.

Gains and losses on investments are reported in the statements of activities as increases or decreases in unrestricted net assets unless their use is temporarily or permanently restricted by explicit donor stipulations or by law.

Donated investments and in-kind gifts are stated at fair value at the date of donation.

Chaminade University of Honolulu

Notes to Financial Statements
June 30, 2018 and 2017

1. Organization and Summary of Significant Accounting Policies (continued)

f. Investments (continued)

The University classifies all investments which will be liquidated within one year as short-term. All other investments and investments related to endowment funds have been classified as long-term in the accompanying statements of financial position.

g. Land, Buildings, Improvements, and Equipment

Buildings, improvements, and equipment are capitalized at cost, if purchased, or at fair market value at the date of donation. Depreciation is calculated on the straight-line basis over the estimated useful lives of the assets. The estimated useful lives are as follows:

Buildings and building improvements	10 to 30 years
Furniture, fixtures, and equipment	5 to 10 years

The University reports gifts of buildings and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the University reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

h. Other Assets

Other assets include approximately \$3,331,000 and \$3,444,000 of prepaid rent related to land leased from SLS and the usage of SLS athletic facilities and various lease deposits (see Note 11d for further description of the lease terms) as of June 30, 2018 and 2017, respectively. The prepaid rent is amortized over the term of the lease.

Chaminade University of Honolulu

Notes to Financial Statements
June 30, 2018 and 2017

1. Organization and Summary of Significant Accounting Policies (continued)

i. Bond Issue Cost and Premium

The cost of issuing bonds are deferred and amortized to expense using the straight-line method, which approximates the effective interest method, over the term of the debt. Unamortized bond issuance costs are offset against the related bonds payable at June 30, 2018 and 2017. Amortization expense for the years ended June 30, 2018 and 2017 amounted to approximately \$22,200.

Bond premium is amortized ratably over the term of the related bond using the effective interest method, and the unamortized balance is reported as an offset to the related bond payable liability in the accompanying statements of financial position. Bond premium amortization for the years ended June 30, 2018 and 2017 amounted to approximately \$8,500.

j. Revenue Recognition

Tuition and educational fees, net—Student tuition and educational fees are recorded as revenues in the fiscal year the related academic services are rendered using the proportional performance method. Student tuition and educational fees received in advance of services to be rendered are recorded as deferred revenue. Financial aid provided by the University for tuition and educational fees is reflected as a reduction of tuition and educational fees. Financial aid does not include payments made to students for services provided to the University.

Private and federal grants and contracts—Revenues from private and federal grants and contracts are recognized when allowable expenditures are incurred under such agreements.

k. Contributions

Unconditional promises to give (pledges receivable) that are expected to be collected within one year are recorded at net realizable value. Pledges receivable that are expected to be collected in future years are recorded at the present value of their estimated future cash flows using risk-free interest rates in the year in which the pledges are made. Amortization of the discounts is included in private gifts and grants revenue in the statements of activities. The University provides an allowance for uncollectible pledges based upon its best estimate of the amount of probable credit losses.

The University records conditional restricted pledges upon satisfaction of their conditions.

Chaminade University of Honolulu

Notes to Financial Statements
June 30, 2018 and 2017

1. Organization and Summary of Significant Accounting Policies (continued)

k. Contributions (continued)

In 2016, the University received a conditional restricted pledge of approximately \$5,272,000 from Kamehameha Schools, a third-party educational trust. In 2018, the University received an amendment to the original pledge to include an additional conditional restricted pledge of approximately \$5,287,000. The University will recognize a pledge receivable for variable installment payments on an annual basis upon the satisfaction of the conditions of the restricted pledge.

At June 30, 2018 and 2017, the University recognized pledges receivable due from Kamehameha Schools of approximately \$2,056,000 and \$1,447,000, respectively. These amounts, which were subsequently received, were recorded as pledges receivable and temporarily restricted contributions on the statements of net assets and statements of activities as of and for the years ended June 30, 2018 and 2017.

l. Endowment

The University's endowment consists of 72 and 71 individual funds established for a variety of purposes at June 30, 2018 and 2017, respectively. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The University is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA). The University has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the University classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

Chaminade University of Honolulu

Notes to Financial Statements
June 30, 2018 and 2017

1. Organization and Summary of Significant Accounting Policies (continued)

1. Endowment (continued)

In accordance with UPMIFA, the University considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- a. The duration and preservation of the fund
- b. The purposes of the organization and the donor-restricted endowment fund
- c. General economic conditions
- d. The possible effect of inflation and deflation
- e. The expected total return from income and the appreciation of investments
- f. Other resources of the organization
- g. The investment policies of the organization.

The University has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. The Investment Sub-Committee of the Board of Regents' Finance Committee has the responsibility to periodically review the Investment Policy, to ensure that it is in accordance with the objectives of the University. The University's goal is to protect, over the long-term, the future purchasing power of the managed funds by earning a net of fees return of 3.0% in excess of the long-term inflation rate.

The University's goal is to select an asset allocation which can reasonably be expected to earn the required rate of total return while assuming a risk no greater than that of a "standard" endowment portfolio when projected over a five-year period. The University relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The University targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The University has a policy of appropriating for spending 3.5% of the year end market value. The policy also accounts for an annual increase of 2.5% in spending from the prior year (spending is frozen if more than 5%, and reset to 3.5%, if less than 3% of the year end market value).

Chaminade University of Honolulu

Notes to Financial Statements
June 30, 2018 and 2017

1. Organization and Summary of Significant Accounting Policies (continued)

l. Endowment (continued)

In establishing this policy, the University considered the long-term expected return on its endowment. Accordingly, over the long term, the University expects the current spending policy to allow its endowment to maintain the future purchasing power of the endowment assets as well as to provide additional real growth through new gifts and investment return.

At June 30, 2018 and 2017, total interfund financing of \$4,464,524 and \$4,500,000, respectively, was outstanding from unrestricted operating funds. Repayment of the outstanding amounts due to the endowment fund are made quarterly through a combination of interest-only and principal payments with annual interest rates between 3.9% and 5.0%, and maturities between June 2021 and April 2034.

m. Impairment of Long-Lived Assets

Long-lived assets, such as buildings, improvements, and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset.

n. Use of Estimates

The preparation of the financial statements requires management of the University to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, gains, and other support and expenditures during the period. Significant items subject to such estimates and assumptions include the carrying amounts of donated buildings, improvements and equipment, obligations under the University's power purchase agreement, fair value of financial instruments, and valuation allowances for receivables. Actual results could differ from those estimates.

1. Organization and Summary of Significant Accounting Policies (continued)

o. Concentrations of Credit Risk

Financial instruments that potentially subject the University to concentrations of credit risks primarily consist of temporary cash investments and student and pledges receivable. The University maintains its cash, cash equivalents, and restricted cash equivalents in bank deposit accounts, which at times may exceed federally insured limits. Deposit accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000 per account holder. The University had approximately \$7,747,000 and \$8,027,000 in excess of federally-insured limits at June 30, 2018 and 2017, respectively. Management believes that the University is not exposed to any significant credit risk related to cash and cash equivalents.

At June 30, 2018 and 2017, approximately 44% and 56% of pledges receivable were due from one donor, respectively. The University maintains contact with donors throughout the year to identify and record an allowance for uncollectible pledges as they become known.

p. Income Taxes

The University has received a determination from taxing authorities that its stated purpose is tax exempt as described in Section 501(c)(3) of the Internal Revenue Code and that contributions to the University are deductible for tax purposes by the donor, subject to the normal limitations imposed by the aforementioned authorities.

In evaluating a tax position for recognition, management judgmentally evaluates whether it is more-likely-than-not that a tax position will be sustained upon examination, including resolution of related appeals or litigation processes, based on the technical merits of the position. If the tax position meets the more-likely-than-not recognition threshold, the tax position is measured and recognized in the University's financial statements as the largest amount of tax benefit that, in management's judgment, is greater than 50% likely of being realized upon ultimate settlement.

The University has evaluated its tax positions and determined that there were no uncertain tax positions at June 30, 2018 and 2017. Interest and penalties, if any (none in 2018 or 2017), are included in institutional support expenses.

p. Income Taxes (continued)

On December 22, 2017, the Tax Cuts and Jobs Act (TCJA) was enacted, which among other matters imposes an unrelated business income tax on qualified fringe benefits provided by nonprofit organizations to their employees, effective January 1, 2018. The University is currently assessing the impact of the TCJA on its financial position and results of operations and has not determined if the enactment will have a material effect on its financial statements.

q. Recently Issued Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, which sets forth a new revenue recognition model, codified in FASB Accounting Standards Codification (ASC) Topic 606-10. In August 2015, the FASB issued ASU No. 2015-14, which deferred the effective date of the amendments in ASU 2014-09 by one year. The amendments in ASU 2014-09 requires entities to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09 will be effective for the University's fiscal year ending June 30, 2019. The University is currently assessing the impact of ASU 2014-09 on its financial position and results of operations and has not determined if the adoption will have a material effect on its financial statements.

In February 2016, the FASB issued ASU 2016-02 *Leases* (Topic 842). The guidance in this ASU supersedes the leasing guidance in Topic 840 *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard will be effective for the University's fiscal year ending June 30, 2020. In July 2018, the FASB issued ASU 2018-011 *Leases* (Topic 842). Under this new guidance, an additional (and optional) transition method has been provided. When the new lease standard is adopted, a cumulative-effect adjustment to the opening balance of net assets is permitted. The University is currently assessing the impact of ASU 2016-02 and ASU 2018-11 on its financial position and results of operations and has not determined if the adoption will have a material effect on its financial statements.

q. Recently Issued Accounting Pronouncements (continued)

In June 2016, the FASB issued ASU 2016-13 *Financial Instruments – Credit Losses* (Topic 326): *Measurement of Credit Losses on Financial Instruments*. The guidance in this ASU establishes a requirement to measure credit losses at the inception of a financial instrument based on the net amount management expects to be collect. The measurement of all expected credit losses is based on historical experience, current conditions, and reasonable and supportable forecasts. The ASU will be effective for the University’s fiscal year ending June 30, 2022. The University is currently assessing the impact of ASU 2016-13 on its financial position and results of operations and has not determined if the adoption will have a material effect on its financial statements.

In August 2016, the FASB issued ASU 2016-14 *Non-for-Profit Entities* (Topic 958): *Presentation of Financial Statements of Not-for-Profit Entities*. The guidance in this ASU substantially changes the financial statement presentation and disclosure requirements of not-for-profit entities to provide more relevant information about their financial resources, liquidity and changes to those financial resources. These changes include qualitative and quantitative requirements in the presentation and disclosure of net asset classes, investment return, expenses, liquidity and availability of resources, and operating cash flows. The ASU will be effective for the University’s fiscal year ending June 30, 2019. The University is currently assessing the impact of ASU 2016-14 on its financial position and results of operations and has not determined if the adoption will have a material effect on its financial statements.

In June 2018, the FASB issued ASU 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, which clarifies, improves, and assists entities in evaluating whether transactions should be accounted for as contributions within the scope of Topic 958, Not-for-Profit-Entities, or as exchange transactions subject to other guidance, and determining whether a contribution is conditional. The ASU will be effective for the University’s fiscal year ending June 30, 2019. The University is currently assessing the impact of ASU 2018-08 on its financial position and results of operations and has not determined if the adoption will have a material effect on its financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The guidance in this ASU includes amendments to disclosures about recurring or nonrecurring fair value measurements. The University has early adopted ASU 2018-13 which resulted in no significant impact to the University's financial statements.

r. Reclassifications

Certain amounts have been reclassified for 2017 to conform to the classifications adopted in 2018. Such reclassifications had no effect on the University's previously reported net assets or changes in net assets.

4. Fair Value Measurements

The FASB ASC Topic 820 (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the University has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active or inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (continued)

The financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There were no changes to the methodologies used to determine fair value or transfers of items between levels for the years ended June 30, 2018 and 2017.

The following summarizes financial assets measured at fair value on a recurring basis as of June 30, 2018 and 2017, segregated by the level of the valuation inputs within the fair value of hierarchy utilized to measure fair value:

4. Fair Value Measurements (continued)

The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and Cash Equivalents; Receivables; Accounts Payable and Accrued Expenses; Accrued Payroll; Advance Tuitions and Other Deferred Revenues; Deposits Held in Custody for Others – the carrying values approximate fair values due to the short maturity of these instruments or the use of market rates to discount the related cash flows.

The University's investments are recorded at fair value as follows:

Common stocks are determined using the closing price reported on the active market on which the individual securities are traded.

Mutual and exchange traded funds are stated at fair value using quoted market prices or based on quoted prices obtained for similar assets.

Money market funds are determined using the net asset value reported on the active market on which the funds are traded.

U.S. Government and corporate debt securities are estimated using a market approach valuation technique that considers, among other things, credit information, observed market movements and sector news.

The University's policy is to transfer assets and liabilities into Level 3 when a significant input cannot be corroborated with market observable data. This may include circumstances in which market activity has dramatically decreased and transparency to underlying inputs cannot be observed, current prices are not available or substantial price variances in quotations among market participants exist. Transfers of assets and liabilities into or out of Level 3 are recognized at their fair values as of the end of each reporting period, consistent with the date of the determination of fair value. At June 30, 2018 and 2017, the University had no transfers into or out of Level 3.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the University believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Land, Buildings, Improvements, and Equipment

Land, buildings, improvements, and equipment consist of the following at June 30, 2018 and 2017:

	2018	2017
Land	\$ 637,000	\$ 637,000
Buildings and building improvements	88,869,865	83,339,997

6. Long Term Debt (continued)

a. Bonds Payable (continued)

The University's issuance of SPRB Series 2015 bonds was completed in December 2015 for \$20,255,000 and \$2,340,000 at a total premium of \$245,503. Management's objective for the issuance of the bonds was for the purpose of supporting various capital projects, repurchasing the SPRB Series 2006 bonds, and for funding a future debt service reserve. The series consists of term bonds with fixed interest rates ranging from 5.0% to 5.5% and maturing at various dates between January 1, 2022 and January 1, 2045. These obligations are secured by all tuition and fees received by the University, certain property, and by restricted cash equivalents. These obligations also include certain restrictive covenants with which the University was in compliance at June 30, 2018 and 2017.

Net bonds payable consist of the following at June 30, 2018 and 2017:

	2018	2017
Bonds payable	\$ 21,910,000	\$ 22,285,000
Unamortized bond premium	224,339	232,805
Unamortized issuance costs	(588,189)	(610,385)
	<u>\$ 21,546,150</u>	<u>\$ 21,907,420</u>

Interest expense on bonds payable amounted to \$1,114,088 and \$1,132,925 for the years ended June 30, 2018 and 2017, respectively.

Future maturities of the University's bonds payable as of June 30, 2018 are as follows:

Years ending June 30,	Principal	Interest	Total
2019	\$ 395,000	\$ 1,103,775	\$ 1,498,775
2020	415,000	1,082,050	1,497,050

b. Line of Credit

The University has a \$6 million line of credit agreement with a bank through January 2019 which bears interest at the bank's prime rate (5.0% at June 30, 2018), and secured by accounts receivable, inventory, equipment and general intangibles. There was no amount outstanding as of June 30, 2018 and 2017.

There was no interest expense or capitalized interest on notes payable for the years ended June 30, 2018 and 2017.

7. Endowments

The University's endowment funds consist of the following at June 30, 2018 and 2017:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
2018:				
Donor-restricted funds	<u>\$ -</u>	<u>\$ 4,981,702</u>	<u>\$ 14,293,066</u>	<u>\$19,274,768</u>

Donor-restricted funds	<u>\$ -</u>	<u>\$ 4,242,544</u>	<u>\$ 12,623,318</u>	<u>\$ 16,865,862</u>

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the University to retain as a fund of perpetual duration. In accordance with FASB ASC Topic 958-205-45, deficiencies of this nature that are reported in unrestricted net assets were nil as of June 30, 2018 and 2017, respectively.

10. Commitments and Contingencies

a. Operating Leases

The University is committed under operating lease agreements through 2023 for real property used for student housing. The leases provide that the University pay for property tax assessments, insurance, general excise taxes, and certain maintenance and operating expenses applicable to the leased premises. Certain lease agreements include an option to purchase the leased fee interest available at the University's option starting in 2017. These were not exercised during the years ended June 30, 2018 and 2017. Rent expense for the years ended June 30, 2018 and 2017 amounted to approximately \$646,000 and \$713,000, respectively.

Future minimum lease payments under these non-cancelable operating leases as of June 30, 2018 are approximately as follows:

Years ending June 30,	
2019	\$ 560,000
2020	401,000

b. Capital Leases

During the year ended June 30, 2012, the University, MCH and SLS (collectively, the Partners), jointly entered into a long-term power purchase agreement to purchase the energy generated by a solar electric generating facility (the System). The System provides energy to various buildings occupied by the Partners and has a generation output of approximately 825,000 kilowatt-hours at June 30, 2018. The Partners are jointly obligated under the terms of the agreement to purchase all of the energy output of the equipment at a rate of approximately \$0.18 per kilowatt-hour, with an escalation of 3 percent per year for the term of 20 years (\$0.199 at June 30, 2018). The total amount paid by the Partners for the years ended June 30, 2018 and 2017 was approximately \$154,000 and \$162,000, respectively.

The agreement includes two purchase options for the System available at the Partners' option during the years ending June 30, 2022 and 2027 at a cost equal to the greater of the fair value of the equipment or \$1,370,000 and \$1,128,000, respectively.

b. Capital Leases (continued)

The Partners have allocated the amounts due under the agreement among the University, SLS and MCH based on each party's share of the expected electricity usage. Management has estimated the University's portion of the future payments due under the agreement as of June 30, 2018 is approximately as follows:

Years ending June 30,	
2019	\$ 126,000
2020	129,000
2021	132,000

	<u>\$ 2,067,000</u>

The University has determined that the payments due under the agreement include an element related to the leasing of the System. As such, in accordance with ASC Topic 840, management has recognized a capital lease for the estimated payments related to the System.

The University also acquired certain office equipment under a capital lease, which expires in June 2022.

For financial reporting purposes, minimum lease rentals relating to capital leases have been capitalized using the University's incremental borrowing rate at the inception of the lease. Amortization of the capitalized cost of these leases is included in depreciation and amortization expense for the years ended June 30, 2018 and 2017 and amounted to approximately \$134,000.

c. Other Contract Commitments (continued)

The University outsourced its bookstore operations in May 2014 to an independent third party. The outsourcing agreement continues through April 30, 2019 and may be renewed for an additional five year period subject to mutual agreement. Under the terms of the agreement, the University receives a variable percentage of gross sales from the operation of the bookstore, which is included in auxiliary enterprises in the accompanying statements of activities.

d. Litigation

The University is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the University's financial position, results of operations, or liquidity.

11. Transactions with Affiliated Entities

a. Marianist Center of Hawaii

The land and certain buildings from which the University operates belong to MCH. In March 2006, the properties were leased to the University under a conditional lease agreement for a term of 50 years. The lease requires annual rent of \$1 and all taxes, assessments, and other charges applicable to the leased premises. The University has the option to extend the term of the lease for one additional 50-year period. For the years ended June 30, 2018 and 2017, the estimated fair value of the lease rent for the land and buildings has been determined by a real estate appraiser to be approximately \$2,624,900 and \$2,756,200, respectively, and is included in unrestricted private gifts and grants and in various expenditure classifications in the accompanying statements of activities.

b. Marianist Province of the United States

In May 2018, The Marianist Province of the United States pledged a total of \$1.5 million, payable in three annual installments commencing in 2019, to establish a permanently restricted endowment fund for student leadership. At June 30, 2018, the pledge is included in pledge receivables on the accompanying statement of net assets.

c. Chaminade University Educational Foundation

The Chaminade University Educational Foundation (the Foundation), a charitable trust, was created exclusively to encourage, promote, and assist in the financing of the objectives and purpose of the University. Trustees are appointed by majority vote of the remaining trustees. The Foundation has received a determination from taxing authorities that its stated purpose is tax exempt as described in the Internal Revenue Code. The Foundation's board of trustees has sole discretion as to the timing and amounts of contributions of its net assets to the University. During the years ended June 30, 2018 and 2017, the University received temporarily restricted contributions from the Foundation of \$49,600 and \$1,000, respectively.

d. Contributions

Pledges receivable as of June 30, 2018 and 2017 include amounts from members of the Board totaling approximately \$35,000 and nil, respectively. Contributions for the years ended June 30, 2018 and 2017 include amounts received from members of the Board totaling approximately \$212,000 and \$163,000, respectively.

e. Saint Louis School

The University and SLS were previously in an agreement for SLS to construct facilities for the University's exclusive use in the planned SLS athletic center and for the University to use various athletic facilities of SLS. Effective January 1, 2017, the previous agreement was superseded and a new agreement was signed for the University to lease certain parcels of land from SLS on which the University will construct and own a locker and training building as well as for the use of various SLS athletic facilities. In consideration for the above, the University prepaid rent to SLS in the amount of \$450,000 relating to the land lease with a term of 40 years and \$3,050,000 relating to the use of SLS athletic facilities with a lease term of 30 years. The \$3,500,000 will be amortized over the terms of the respective leases. The unamortized balance of approximately \$3,331,000 and \$3,444,000 is included in other assets on the statements of financial position as of June 30, 2018 and 2017, respectively.

The University shares its campus with SLS under the terms of the lease with MCH. Certain utilities and other shared costs of maintaining the campus are paid by the University and subsequently reimbursed by SLS. The reimbursements totaled approximately \$636,000 and \$520,000 for the years ended June 30, 2018 and 2017, respectively. The University had approximately \$261,000 and \$101,000 due from SLS included in other receivables on the statements of financial position as of June 30, 2018 and 2017, respectively.

12. Employee Benefit Plan

The University sponsors a contributory, defined contribution retirement plan for eligible career faculty and administrative employees. Plan contributions are based upon a percentage of each participant's total earnings and are funded by the University on a current basis. Contributions to the plan, net of any forfeitures, were approximately \$773,000 and \$809,000 for the years ended June 30, 2018 and 2017, respectively.

13. Subsequent Events

The University has evaluated subsequent events through November 8, 2018, the date on which the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.
