*For continuing Chaminade University students.

GENERAL INFORMATION

Enrollment in Summer Session I and II is open to current students, admitted full-time students, first-year and transfer students for the Fall 2019 semester, 2019 high school graduates and other non-degree seeking students. **Please Note:** Students interested in the 10 week Summer Term through the Online and Military Base Program should visit the Admissions site at chaminade.edu/admissions for information on enrollment in the online undergraduate and graduate degree programs.

Please follow the guidelines below to register for up to seven credit hours per Summer Session. Current Chaminade students may receive approval from the Registrar to enroll in additional hours.

Registration for Current Chaminade Students

Current students may register for Summer Session courses through the Chaminade student portal. Summer Session I and II courses are listed under the “2019-2020” academic year.

Students may receive guidance on the registration process at the Office of Advising and Career Development in Ching Hall, Rm. 252 or by email at advising@chaminade.edu.

Please contact the Office of Financial Aid at финаid@chaminade.edu or 808-735-4780 if you would like to be considered for a Federal student loan. Students must be registered for six credit hours to be eligible for financial assistance.

Registration for Newly Admitted Chaminade Students

First-year and transfer students admitted for the Fall 2019 semester may register for summer courses by completing the Summer Session Registration Form (<http://chaminade.edu/admissions/summer/>). You will receive an e-bill from the Business Office for your tuition and fees via your Chaminade email account.

Registration for Non-Degree Seeking Students

Please complete and submit the Summer Session Registration Form (<http://chaminade.edu/admissions/summer/>). You will receive an e-bill from the business office for your tuition and fees, if you haven't already paid via credit card on your application.

INFORMATION FOR DEGREE-SEEKING STUDENTS

REFUNDS:

To receive a refund, classes must be dropped *on or before Sunday, May 19th* for Summer Session I and dropped *on or before Sunday, June 30th* for Summer Session II. No tuition refund is granted once the summer session has begun. All course fees are non-refundable.

ADVISING AND CAREER DEVELOPMENT:

This document contains information regarding summer courses that meet the general education requirements for Chaminade University undergraduate degree programs. Other courses may fulfill requirements in Chaminade's academic programs, depending on the degree a student is pursuing. Any questions should be directed to an advisor in the Office of Advising and Career Development.

Office of Advising and Career Development

Clarence T.C. Ching Hall Room 252
3140 Waiialae Avenue
Honolulu, HI 96816
advising@chaminade.edu
(808) 735-4815

MAXIMUM STUDENT LOAD:

Degree seeking students are limited to a maximum of seven credit hours in each of the six week sessions. Additional hours may be taken with the approval of the Registrar.

FINANCIAL AID:

Degree seeking students registering for credit courses may be eligible for financial assistance during the summer sessions. Contact the Financial Aid office for details.

Financial Aid Office

Clarence T.C. Ching Hall, Room 11

*Specific application to the upper division, outside major requirements, depends on the major. Please see your faculty advisor or an academic advisor for any inquiries.

SUMMER SESSION I COURSE DESCRIPTIONS

Please note that English 102 (EN-102) and Communications 101 (COM-101) are pre-requisites for **all** upper division courses.

Criminology and Criminal Justice (CJ)

CJ-315-90-1 Behavioral Science Statistics (3 Credits)

Introduction to the methods and rules for organizing and interpreting observations; descriptive and inferential statistics, including frequency distributions, hypothesis testing, simple analysis of variance, estimation, and Chi-Square. *Cross-listed with PSY-315-90-1.*

Online Fee ----- \$93

CJ-435-90-1 Ethics and Criminal Justice (3 Credits)

Examines Christian perspectives on ethical issues in the field of criminal justice. The goals are to assist students to develop an understanding of the personal and social dimensions of these ethical perspectives, methods for dealing with relevant ethical issues, and the historical development of the Christian community's reflections and moral teachings relevant to criminal justice. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of practical knowledge regarding the inherent complexities and day-to-day operations of the American Criminal Justice System. *This course fulfills the interdisciplinary course requirement. Pre-requisites: RE 103, CJ 151 or CJ 201, or permission of instructor.*

Online Fee ----- \$93

Communication (COM)

COM-360-90-1 Social Media Communication (3 Credits)

Social Media Communication explores the theories behind this type of communication and provides practical knowledge in the use of social media tools. Students learn how to strengthen their online presence, and improve their communication and presentation skills on the web. Topics include LinkedIn, Facebook, Google search techniques, Tumblr blogs, Cloud Storage, Twitter, Prezi and the newest trends in social media services.

Online Fee ----- \$93

English (EN)

EN-102-90-1 Expository Writing (3 Credits)

Instruction and practice in writing short-to-medium-length expository essays and in writing from sources. Skills required for research and research writing are emphasized, such as summarizing, paraphrasing, quoting, evaluation, and synthesizing. The course includes instruction and practice in writing a multi-course paper of substantial length.

Prerequisite: EN 101 or placement by exam.

Online Fee ----- \$93

EN-201-90-1 Types of Literature (3 Credits)

Introduction to the study of literature through reading, discussion and written analysis of major works ranging from ancient contemporary. The course includes exemplary works from all major genre and diverse cultures. *Prerequisite: EN 102.*

Online Fee ----- \$93

EN-301-90-1 Nature Writing (3 Credits)

This is an advanced, interdisciplinary writing course focusing on environmental themes. Nature Writing centers on reading and writing non-fiction, including journals, letters and essays. Authors figuring prominently in the course include Henry David Thoreau, John Muir, Aldo Leopold, Rachel Carson, Annie Dillard, and Gary Snyder. *Fulfills interdisciplinary course requirement.*

Online Fee ----- \$93

History (HI)

HI-151-90-1 World Civilizations I (3 Credits)

A multicultural approach to studying the world's early civilization, it examines their political, social, economic and cultural evolutions. It focuses on the lives, work and service of Confucius, the Buddha, Jesus Christ, Mohammed and other individuals who made meaningful impacts on the moral ethical development of humankind. Along with historical knowledge, the course emphasizes the development of reading, writing, speaking, cognitive and collaborative skills crucial to success in college and beyond.

Online Fee ----- \$93

HI-322-90-1 Medieval Life and Thought (3 Credits)

This course integrates the perspectives of history and religion into the study of medieval Europe (ca. 500 to 1500 A.D.). Religious history combines insight into the nature of religious experiences and structures with a proper understanding of their political, economic, and social setting. Fulfills interdisciplinary course requirement. *Prerequisite: Any 100 or 200 level history course and any 100 or 200 religion course. Cross listed with RE-322-90-1*

Online Fee ----- \$93

PH-463-90-1 Psychology of Death & Dying (3 Credits)

The scope of this course is an exploration into the domain of death and dying. The focus of the course will be a psychological, philosophical, theological, ethical, biological, social and scientific inquiry to the nature of death. Topics to be examined include nature of death, life after death, assisted suicide, right to die, suicide, bereavement, death system, death counseling, death in society, and Eastern approaches to death. Focus on death will be guided by concepts derived from evolutionary theory, the stress response and stress management. *This course fulfills the interdisciplinary course requirement. Cross-listed with PSY/RE 463. Prerequisites: PSY 101 or RE 103.*

Online Fee ----- \$93

Psychology (PSY)

PSY-101-90-1 General Psychology (3 Credits)

Survey the major theories and concepts in the study of behavior. Introduction to the psychological aspects of sensory processes, normal and abnormal development, learning, drives, emotions and social behavior.

Online Fee ----- \$93

PSY-304-90-1 Psychology of Adolescence (3 Credits)

Psychology investigation of developmental factors in the crucial period of adolescence and analysis of youth problems in contemporary society. *Prerequisite: PSY 101.*

Online Fee ----- \$93

PSY-315-90-1 Behavioral Sciences Statistics (3 Credits)

Introduction to the methods and rules for organizing and interpreting observations; descriptive and inferential statistics, including frequency distributions, hypothesis testing, simple analysis of variance, estimation, and Chi-Square. *Prerequisite: PSY 101. Cross-listed with CJ 315.*

Online Fee ----- \$93

PSY-321-90-1 Psychology of Personality (3 Credits)

This course reviews multiple perspectives of personality, including psychodynamics, trait behavior, cognitive, and phenomenological approaches. *Prerequisite: PSY 101.*

Online Fee ----- \$93

PSY-340-90-1 Psychology of Sexual Expression (3 Credits)

Role of Psychology in human experience as it relates to sexuality; development of individual self-concepts regarding sexuality as they relate to socially accepted behavior. *Prerequisite: PSY 101.*

Online Fee ----- \$93

PSY-436-90-1 Cross-Cultural Psychology (3 Credits)

This course will provide an overview of the field of cross-cultural Psychology and examine theories of Psychology, which claim to be universal in scope. The student will learn how psychological problems and conditions vary across cultures and that the Western view of Psychology should not necessarily be taken as the norm. *Fulfills Global Awareness course requirement. Prerequisite: PSY 101.*

Online Fee ----- \$93

PSY-441-90-1 Community Psychology (3 Credits)

This course introduces students to the science and practice of community Psychology. It provides an overview of theory, research and action in community Psychology, which is the study and application of psychological solutions to community based problems. It explores the relationship between stressful environments, supportive social systems and individual and family wellbeing to the development of mental illness. *Prerequisites: PSY 101.*

Online Fee ----- \$93

PSY-455-90-1 Positive Psychology (3 Credits)

This course provides an in-depth overview of the rapidly growing field of positive Psychology. Positive Psychology is a scientific approach to maximizing human potential, well-being, and happiness. The course focuses on the psychological aspects of a fulfilling and flourishing life. Human resiliency, optimism, self-esteem, empathy, friendship, love, creativity, spirituality, humor, stress management, coping, human strengths, positive outcomes, resources, wellness and positive contexts/institutions are all central to the field of positive Psychology. The domain of positive Psychology will also be examined from Daoist, Confucian, and Buddhist perspectives. *Prerequisite: PSY 101.*

Online Fee ----- \$93

PSY-463-90-1 Psychology of Death & Dying (3 Credits)

The scope of this course is an exploration into the domain of death and dying. The focus of the course will be a psychological, philosophical, theological, ethical, biological, social and scientific inquiry to the nature of death. Topics to be examined include nature of death, life after death, assisted suicide, right to die, suicide, bereavement, death system, death counseling, death in society, and Eastern approaches to death. Focus on death will be guided by concepts derived from evolutionary theory, the stress response and stress management. *This course fulfills the interdisciplinary course requirement. Cross-listed with PH/RE 463. Prerequisites: PSY 101 or RE 103.*

Online Fee ----- \$93

PSY-480-90-1 ST: Psychology of Movies (3 Credits)

Examination of how motion pictures depict mental illness, relationships, and other psychologically relevant issues, as well as how films depict the field of psychology itself. Topics of discussion include universal themes, the psychological value of film-making and viewing, application of theories and concepts, accuracy in the depiction of psychological variables, and psychological impact. Character analyses involve examination of personality, mental illness, developmental issues, conflicts, and motivation.

Online Fee ----- \$93

Religion (RE)

RE-103-90-1 World Religions (3 Credits)

Within the context of the dialogue between Christianity and the other world religions, the student will explore the diverse historical, philosophical, and spiritual foundations from which the major religious traditions in the world have arisen. The course examines the lives of their founders, their basic teachings, and the historical development of their communities and institutions, while providing an inter-religious survey of ethics. *This course fulfills the lower division Religious Studies General Education Core requirement.*

Online Fee ----- \$93

RE-211-90-1 The Bible As Controversy (3 Credits)

Ancient scriptural documents have erupted into modern controversies, ranging from questions over biblical fundamentalism to the meaning of Jesus in contemporary times. Questions concerning the creation stories, the monarchy of Israel, the movement of Jesus the Jew, the writings of Paul, and the historical and contemporary uses and abuses of the Bible will be examined in detail. *This course fulfills the lower division Religious Studies General Education Core requirement.*

Online Fee ----- \$93

RE-322-90-1 Medieval Life and Thought (3 Credits)

This course integrates the perspectives of history and religion into the study of medieval Europe (ca. 500-1500 A.D.). Students will undertake a historical overview of medieval times with a dual focus on both Church and State and their mutual influences.

Consideration will be given to significant events, ideas, conditions and personalities that constitute the genesis of Europe and Christendom. Cross-listed with HI 322. Offered alternate years. Prerequisites: Any 100 or 200-level history course and any 100 or 200-level religion course. *This course satisfies the 300-level Religious Studies General Education Core requirement or the Interdisciplinary requirement.*

Online Fee ----- \$93

RE-435-90-1 Ethics and Criminal Justice (3 Credits)

Examines Christian perspectives on ethical issues in the field of criminal justice. The goals are to assist students to develop an understanding of the personal and social dimensions of these ethical perspectives, methods for dealing with relevant ethical issues, and the historical development of the Christian community's reflections and moral teachings relevant to criminal justice. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of practical knowledge regarding the inherent complexities and day-to-day operations of the American criminal justice system. Fulfills interdisciplinary course requirement. *Cross-listed with CJ 435. Prerequisites: RE 103, CJ 151 or CJ 201, or permission of instructor.*

Online Fee ----- \$93

RE-463-90-1 Psychology of Death & Dying (3 Credits)

The scope of this course is an exploration into the domain of death and dying. The focus of the course will be a psychological, philosophical, theological, ethical, biological, social and scientific inquiry to the nature of death. Topics to be examined include nature of death, life after death, assisted suicide, right to die, suicide, bereavement, death system, death counseling, death in society, and Eastern approaches to death. Focus on death will be guided by concepts derived from evolutionary theory, the stress response and stress management. *This course fulfills the interdisciplinary course requirement. Cross-listed with PSY/PH 463. Prerequisites: PSY 101 or RE 103.*

Online Fee ----- \$93

SUMMER SESSION II COURSE DESCRIPTIONS

Please note that English 102 (EN-102) and Communications 101 (COM-101) are pre-requisites for **all** upper division courses.

Anthropology (AN)

AN-327-90-1 Career Development in Behavioral Sciences (3 Credits)

This course examines vocational values, interests, and aptitudes in the identification and development of a career in the Behavior Sciences, specifically Behavioral Sciences programs, Criminal Justice, Anthropology, and Psychology. The vital role of a student's academic background is explored relative to creating a goodness-of-fit between the student and the world of work. Students will be introduced to career guidance programs, develop a career personality profile, generate a career road map, and investigate/utilize career development tools and techniques. A broad spectrum of resources will be explored against the backdrop of local, national, and international job market trends, and the goals, interests and abilities of the job seeker. *Behavioral Science Division requirement. Cross-listed with CJ 327, PSY 327, and SO 327. Prerequisite: AN 200, PSY 101, or SO 200 respectively*

Online Fee ----- \$93

Art (AR)

AR-250-01-1 Beginning Ceramics (3 Credits)

Basic studio experience in the creation of clay forms, both functional and nonfunctional, incorporating hand-building techniques. Six hours per week. *This course fulfills the Fine Arts general education requirement.*

Course Fee ----- \$95

AR-350-01-1 Intermediate Ceramics (3 Credits)

Intermediate technique focused on wheel-throwing in ceramics. Six hours per week. *Prerequisites: AR 250 or consent of instructor.*

Course Fee ----- \$95

AR-450-01-1 Advanced Ceramics (3 Credits)

Advanced techniques and concepts in ceramics. May be repeated. Six hours per week. *Prerequisites: AR 350 or equivalent.*

Course Fee ----- \$95

Criminology and Criminal Justice (CJ)

CJ-315-90-1 Behavioral Science Statistics (3 Credits) (3 Credits)

Introduction to the methods and rules for organizing and interpreting observations; descriptive and inferential statistics, including frequency distributions, hypothesis testing, simple analysis of variance, estimation, and Chi-Square. *Cross-listed with PSY-315-90-1.*
Online Fee ----- \$93

CJ-327-90-1 Career Development in Behavioral Sciences (3 Credits)

This course examines vocational values, interests, and aptitudes in the identification and development of a career in the Behavior Sciences, specifically Behavioral Sciences programs, Criminal Justice, Anthropology, and Psychology. The vital role of a student's academic background is explored relative to creating a goodness-of-fit between the student and the world of work. Students will be introduced to career guidance programs, develop a career personality profile, generate a career road map, and investigate/utilize career development tools and techniques. A broad spectrum of resources will be explored against the backdrop of local, national, and international job market trends, and the goals, interests and abilities of the job seeker. *Behavioral Sciences Division requirement. Cross-listed with AN 327, PSY 327, and SO 327. Prerequisite: CJ 151.*
Online Fee ----- \$93

CJ-423-90-1 Criminal Law (3 Credits)

Concepts of criminal law including elements, parties, liabilities and defenses. Constitutional limitations on police power and the administrative process of law enforcement. This course provides competencies to meet the program outcome to allow students to demonstrate an understanding of practical knowledge regarding the inherent complexities of the American criminal justice system. *Prerequisites: CJ 151 and CJ 223.*
Online Fee ----- \$93

Philosophy (PH)

PH-100-90-1 Introduction to Philosophy (3 Credits)

A study of the nature of philosophical thought and methods by examining actual examples from a selection of classical Greek, medieval Christian, and modern European philosophers. Students will develop an understanding of the ways in which western culture functions. *This course fulfills the Philosophy general education requirement.*
Online Fee ----- \$93

PH-338-90-1 Religion, Philosophy and Social Ethics (3 Credits)

Designed to give students an interdisciplinary experience in the study of social ethics from the perspectives of theology, religion and philosophy. Students will explore the theory and practice of social ethics and develop the knowledge and skills for philosophical and theological critique of ethical systems and social policy. *Cross-listed with SO 338 and RE 338. This course may be used to satisfy the 300-level Religious Studies General Education Core requirement or the interdisciplinary requirement. Prerequisites: any 100 or 200 level Religion course or any 100 level Philosophy course or consent of instructor.*

Online Fee ----- \$93

Psychology (PSY)

PSY-315-90-1 Behavioral Sciences Statistics (3 Credits)

Introduction to the methods and rules for organizing and interpreting observations; descriptive and inferential statistics, including frequency distributions, hypothesis testing, simple analysis of variance, estimation, and Chi-Square. *Prerequisite: PSY 101. Cross-listed with CJ 315.*

Online Fee ----- \$93

Designed to give students an interdisciplinary experience in the study of social ethics from the perspectives of theology, religion and philosophy. Students will explore the theory and practice of social ethics and develop the knowledge and skills for philosophical and theological critique of ethical systems and social policy. *Cross-listed with PH 338 and SO 338. Prerequisites: Any 100 or 200-level Religion course or any 100-level Philosophy course or consent of instructor. This course may be used to satisfy the 300-level Religious Studies General Education Core requirement or the Interdisciplinary requirement.*

Online Fee -----
\$93

Sociology (SO)

SO-327-90-1 Career Development in Behavioral Sciences (3 Credits)

This course examines vocational values, interests, and aptitudes in the identification and development of a career in the Behavioral Sciences, specifically Behavioral Sciences programs, Criminal Justice, Anthropology, and Psychology. The vital role of a student's academic background is explored relative to creating a goodness-of-fit between the student and the world of work. Students will be introduced to career guidance programs, develop a career personality profile, generate a career road map, and investigate/utilize career development tools and techniques. A broad spectrum of resources will be explored against the backdrop of local, national, and international job market trends, and the goals, interests and abilities of the job seeker. *Behavioral Science Division requirement. Cross-listed with AN 327, CJ 327, and PSY 327. Prerequisite: SO 200.*

Online Fee -----
